

# CORONAVIRUS RESOURCES

## TELEMEDICINE:

Through telemedicine, you can check in with U.S. board-certified doctors get your questions answered, and determine if you need further action. This eliminates waiting in the emergency room. It also helps in preventing the possibility of spreading or contracting the coronavirus by being in a hospital or a doctor's office.

You can access Telemedicine for free through West Suburban Health Group. For information, and to reach the activation flyer, please click here:
